VOLUME XXV SANTA ANA, CALIFORNIA, OCTOBER 7, 1949 NO. 2

Evening School Enrollment Shows Large Gain Over Last Semester

Latest figures released from the Santa Ana College Evening School division showed that over 1,012 adults and students are enrolled in the night sessions and 49 of the group are students also attending daily college classes.

D. P.'s Attend Night Classes

Citizenship English is being taught twice a week in the Santa Ana College night school division to a group of displaced persons ranging from 20 to 30 years of age from the Baltic countries of Europe.

Carl Shultz, SAC language instructor, teaches the class each Tuesday and Thursday evening in a course designed to aid the group with the English language. The progress so far of the class has been slow, because only a few of the men speak or understand the English language. To talk to each other they use the German language, although it is not their native tongue.

Formerly Farmers

All of the men were driven from their homes and families during the war to German camps where they stayed until Hitler's defeat. After the war was over most of the men found out their homes were destroyed and their families were either separated from them or killed by the aggression. The men were formally all farmers and were brought to the United States to aid in agriculture work and eventually have a chance to gain American citizenship.

The group of some 40 men are employed during the week by the Citrus Association and live in a camp near Garden Grove. All of the group doesn't attend the classes, because they have little spare time for outside activities and recreation. The men are in the camp with Mexican Nationals and it makes it more difficult for them to master English, because they seldom hear it spoken while working.

Counseling Given

Two or three of the class are highly interested in education and to continue to higher fields. Royal Marten, SAC counselor, spent an evening last week in counseling the men on specific occupations. One man already has enrolled in night school and is taking an engineering course instructed by Harold Moomaw.

The Lutheran Council sponsors the class and provides transportation for the group. Mr. George Busdiecker, former Santa Ana

Latest figures released from the Santa Ana College Evening School division showed that over 1,012 adults and students are enrolled in the night sessions and 49 of the group are students also attending daily college classes.

The registration at this time is 150 more than last year and the division is still accepting enrollments. In the evening division there are 33 college accredited courses, 15 apprenticeship courses and 22 high school accredited courses. Stuart Carrier, Director of the Evening Division, has provided a rounded program that is both suitable to adult and college education.

Variety of Courses Offered

A program has been arranged in the agriculture department which includes classes in poultry, citrus, and rabbitry. The courses that have proved very popular and already are closed to registration are science, chemistry, English, foreign language, mechanics and secretarial training. There are 35 instructors in the division and almost all of them teach in college day sessions. No class meets every night, but on the average of once or twice a week. All accredited courses are accepted in any college or university and high school deficiencies can be made up in the division to receive a diploma or continue on to a college.

Director Flies To Santa Cruz

Dr. Daniel C. McNaughton, SAC director, flew North, Tuesday, October 4th, in order to attend the annual convention of the California Association of School Administrators, October 5-8th, in Santa Cruz.

Dr. McNaughton made the trip by plane so that he might return to Santa Ana in time to attend the Santa Ana-Orange Coast football game this Saturday night, October 7 in the Municipal Bowl.

School Board member, became interested in the group and is responsible for arranging the course with Mr. Lynn H. Crawford, Superintendent of Schools, and Mr. Stuart Carrier, dean of the evening division.

Calendar

- Oct. 10—Women's Service Clubs meeting
- Oct. 11—Assoc. Student Executive Board. (12 noon) Bid Day (Women)
- Oct. 12—Tavern Tattlers
- Oct. 13—A. W. S. Cab. (12 noon)
- Oct. 14—W's Clubs Acceptance parties
- Oct. 15—S. C. J. C. Conference Football at Chaffey

Sales Begin Today On '48-49 Del Anos

"New copies of the '48 and '49 SAC yearbook "Del Ano" will go on sale today at the business office, G75, at reduced prices, announced Neevil W. Helm, SAC business manager.

Sophomores will have purchase priority, stated Helm. The 1949 "Del Ano" sells for \$1.00, although formerly costing \$4.00, and the 1948 yearbook, formerly costing \$3.50, is now \$.50. Both issues may be obtained for a combination price of \$1.25.

Proceeds from the sale are earmarked for new photographic equipment to be used for this year's "Del Ano."

SAC Students Secure Jobs

"Thirty-one jobs have been secured for SAC students through the Santa Ana College placement service, this fall," stated Ernest Crain, instructor in charge of the placement service, today, in his office, F50. He added that many more have been given smaller jobs around Santa Ana."

This fall 57 men students have registered for placement in many fields ranging from newspaper work to the "anywhere I can fit in" type of jobs. In addition, 27 women students are registered.

Permanent work is available as well as part time employment. If you are in need of work ask Ernest Crain and Mrs. Berghold in F50 for an application blank.

Cooperation Needed

Ernest Crain emphasizes that in order to have a larger and more effective placement service, it is necessary for student body members, as well as faculty, to acquaint themselves with the placement bureau.

"Anyone who knows jobs, or anyone vacating positions should report this information to the placement office in F50," stated Crain. "Everyone is encouraged to help in this project," Crain added.

Tentative Cast Is Announced As Mid-Winter Drama Named

Santa Ana College's Drama department will present its mid-winter production entitled "Accidentally Yours" in Santa Ana high school auditorium December 1 and 2. The play will be under the supervision of F. Wayne Flinn, drama instructor, and Elizabeth Elliott, student director.

Cast for "Accidentally Yours" has been chosen on the basis of auditions and tryouts. In certain cases, where individuals would not develop their roles to the best of their ability and for the best interest of the play as a whole, this cast is subject to change.

Cast Named

Chosen to play Gladys Mosby in the play is Barbara Daniger, with Lesly Condon as Maretta Delman, Lillian Salazar as Olive and Jane Lindemuth as Vivian. Johnette Galbraith is understudy in the part of Vivian.

Spencer Mosby will be played by Norman Pabst, with Phil Reilly as understudy. The part of Lawrence Conwell will be played by Phil Reilly, with Francis Ferguson as understudy. Billie Jo Reilly will be understudied by Joanne Johnson in the part of Jean Erwin.

Pat Flaherty will play the part of Miss Featherby, understudied by Edwina Cox, and Dick Moomaw will play the part of Llewellyn Johnson, with Robert C. Maycock as understudy. Betty Sekeris enacts the part of Mrs. Estherhazy, with Rita Riggs as understudy. Carl Busdiecker plays the part of Martin; Al Fletcher as the photographer; Wendell Melton as Cavendish, understudied by Carl Busdiecker; and the cab driver, played by George Willis.

Production Staff Chosen

Student director is Elizabeth Elliott, while Rita Riggs will be in charge of set design. Promptor will be Edwina Cox, with Glenn Mathews in charge of sound effects. Wendell Melton will be stage manager.

Mell Kilpatrick is head carpenter and in charge of sets, and Francis Ferguson and Glenn Mathews, grips. Electrician is Robert Levin; Dick Moomaw is property manager; Francis Ferguson in charge of hand props; and Kathy Rayburn in charge of flowers and decorations.

Costumes and make-up is under the direction of Lesly Condon, assisted by Frank Sekeris, Priscilla Orman, Patty Evans and Janet Hindley. Promotion and publicity is Carl Busdiecker's work, with the assistance of Frank Sekeris for posters; Betty Sekeris, direct mail; Whitey Pritchard, photography; Barbara Daniger, programs; Johnette Galbraith, house manager; ticket sales will be handled by the business office.

Picture Needed On Student Card

Admittance into the SAC reserve section at the Bowl requires all holders to have their pictures on their Student Body cards, it was announced today by Dave Evans, Student Body President.

625 tickets have been sold to date, according to Evans, and are still obtainable at F75. Sales are already greater this year than last year's total. Numbered among benefits are free admission to all football games and after game dances, a free yearbook, and reduced costs for the football banquet, spring banquet, and reduced admissions for the West Coast and Broadway theaters. Tickets cost ten dollars per year, or six dollars for one semester.

Twenty tickets have been lost already, and precautionary care was advised by Evans, as replacement necessitates approval by the Board of Governors.

Mr. Cecil Spikes, SAC custodian and gardener, has found a woman's pocketbook which will be returned to owner upon proper identification.

SAC School Board Authorizes Work On Old Union

The Santa Ana Board of Education, acting upon the recommendation of SAC Director Dr. Daniel C. McNaughton, has authorized the remodeling of the old college student union into a Speech Arts and Music laboratory, stated F. Wayne Flinn, speech and drama instructor, today.

Completion of this conversion in building X is expected this semester said Flynn. The new building will be used mainly by the Radio Workshop, Drama, Stagecraft, Music, and Speech classes. Other college classes and campus groups will be able to utilize the facilities when not scheduled for use.

Plans for the installation include construction of a sound booth and devices for the desired acoustical effects. The laboratory will have a stage, an auditorium, the sound booth, dressing rooms, and rooms for props and makeup.

New Equipment

Equipment to be installed in the sound booth will include a six-channel mixing amplifier, two turntables, the newest type of tape recorder, a disc-recording lathe, a monitor speaker, microphones, auxiliary equipment, and equipment for special sound effects.

The Radio Workshop will utilize this equipment for simulated radio broadcasts, recording its program over Station KVOE, and general radio workshop activities.

Lab Used for Drama

The Laboratory will also be used by the Drama Department for rehearsals, practice in radio dramatizations, presentation of short scenes and plays for the benefit of students, and as a general workshop for construction of sets, sound effects, studies in light and color, costuming, and makeup.

The Music Department plans to utilize the acoustical benefits of the laboratory in Music Appreciation, the recording and playback of instrumental and vocal groups, and recitals.

ATTENTION MEN

A meeting of the YMCA will be held October 13 at 12 noon in the faculty room of the Student Union.

SHOWN ABOVE is Elizabeth Elliott, student director of mid-winter drama production.

The Editor Comments

A good college is a place where a student has the opportunity to study, read, discuss and partake in an active social life. Such a college is Santa Ana. One of the less serious highlights of each college year at Santa Ana is that of "Hell Week", October 17-21.

"Hell Week" or the three day period of informal initiation, bid days, and acceptance parties held by all of the service clubs is as much a part of college life as the books themselves, or as shoulder pads are a part of the football uniform. College life would be dismal if there were no moments of relaxation or excitement.

During these informal days

books will be taken a little less seriously. Color and excitement will prevail on the campus.

Following war activities, the college and therefore the service clubs suffered a great loss and the road to reconstruction was bumpy and hard. Now that things are back to normal, this college and these same clubs have come back to greater heights with more and better activities.

This year we must make it our business to see that these rush days are a mark of progress rather than a reoccurring event that goes on from year to year. Let us make this pledge week the best pledge week and this year the best at SAC—Hal Caldwell

Introducing

By Jane Lindemuth

By looking at Norma Rhoads, president of Piloteers, you could never tell that her pastime is eating. She told us this over a cherry coke.

We saw her walking ahead of us and heard a part of the song she was singing. We wanted to hear more.

"How about singing it all the way through for us, Norma?" we asked.

"No," she grinned.

"Will you do it for a cherry coke?"

"Well---maybe."

the steps of P3—Organic Chem. He flexes his right arm rapidly for a few moment as he went. Probably he was already far away in the year 1956 A. D. extracting the teeth of his many patients.

We predict a brilliant career for the future of Gerald Jessup, D. D. S.

● A Report On Modern Music

So we had a cherry coke with the owner of the lovely voice.

A graduate of Huntington Beach High School, Norma is now majoring in music at SAC. She plans on making (you guessed it) singing her career.

In addition to her duties as prexy of Piloteers, Norma is an active member of Sigma Phi Sigma and a past officer of Tavern Tattlers.

With classes for Norma and typewriters for us there was no time for the song. We hope we get to hear it before we have to pay admission—or will the cherry coke get us in free?

President of the honored association of Bachelors and made thereby chief hater of the fair sex, Gerald Jessup asks, "Why do you want to interview me? I'm just an ordinary guy." An ordinary guy!

"Honest, I am. Why don't you interview that guy over there. He probably likes ice cream mixed with spinach or something. Me---I'm just an ordinary guy."

Intensive questioning brought out the fact that he was star second baseman on the McKinley Grammar School team. Since then he has been taking it easy and watching the games. Will he predict the outcome of the World Series? No.

A pre-dentistry major, Gerald is taking organic chemistry as one of his courses. Following the completion of his studies here at SAC he plans to continue at USC.

The last bell rang just as Gerald said good-bye and bounded up

High on the list of enjoyable albums is the Danny Kaye album put out under the Columbia label. It's enough to mention the name Danny Kaye in connection with a movie or record for many people to sound his praises far and wide. This album is a collection for some of his funniest, maddest creations.

Album standouts are *The Fairy Pipers*, and *The Babbit and The Bromide*.

Another good album is *Fats Waller Favorites* on the RCA Victor label. Few entertainers are so affectionally remembered as the late, great, Thomas "Fats" Waller. He had a style of his own—*Honeysuckle Rose*, and *I Can't Give You Anything But Love, Baby*—none sound the same without his gruff vocals and gay piano.

Singles are also hitting the comical side quite a lot lately. For example, there is the Red Ingle version of "A You're Adorable." Remember that song? Ingle waxed his version under the title "A You're A Dopey Gal. For the 'edicated fellers and gals', every letter brings forth an insult. For example—G-You're a Gruesome Mess, and so on. Having heard his previous selections, you can well imagine how his flipover, *Two Dollar Pistol*, sounds.

Going round and round on the juke boxes is the Andrews Sister's Decca recording of "I Can Dream, Can't I?" Patty Andrews does most of the vocalizing, and she really puts her heart into it. Reverse side is the *Wedding of Lili Marlene*.

Dave Evans Reports

YELLS

Last week the A.S.B. Board requested the yell leaders be present at Tuesday's regular meeting to discuss the yells used at S.A.C. Much criticism has been received from students requesting an overhaul of all yells—eliminating some and revising others. Tomorrow night only those yells that have been approved will be used. Spirit at the games has been very good and we think now since our revising and chopping party, it will improve even that much more. Let us know what you think of them. If you have ideas for any new yells contact George Billingsley, head yell leader.

DUPLICATE A.S.B. CARDS

Many students have reported lost student body cards and due to the number, the Board is requesting those students to appear before the Board. Each case will be investigated thoroughly before new cards will be issued. Board meetings are held every Tuesday, 12:00 in the Student Body Office.

PICTURES REQUIRED ON TICKETS

Remember to place your picture on your student body card if you wish admittance to the reserve section at the Bowl. Beginning with tomorrow night's game this ruling will be strictly enforced. A letter was received this week from the West Coast Theaters in regards to their ruling on student body cards. Because many students are loaning or borrowing tickets, the theaters will not accept them unless they are accompanied with a picture. This is a small requirement that all students must comply with for the privilege of entrance at reduced cost.

HALF TIME ACTIVITIES

George Billingsley, head yell leader, is requesting individuals or campus organizations to sponsor half time activities during future home games. If you have an idea or you or your group would like to sponsor half time activities, please contact George.

DANCES

The following are the College dances scheduled for the rest of the first semester, 1949-50.

October 21—After-game dance
November 4—After-game dance
November 19—A.W.S. Dance (Semi-formal)
December 16—Christmas Dance (Formal Dress)

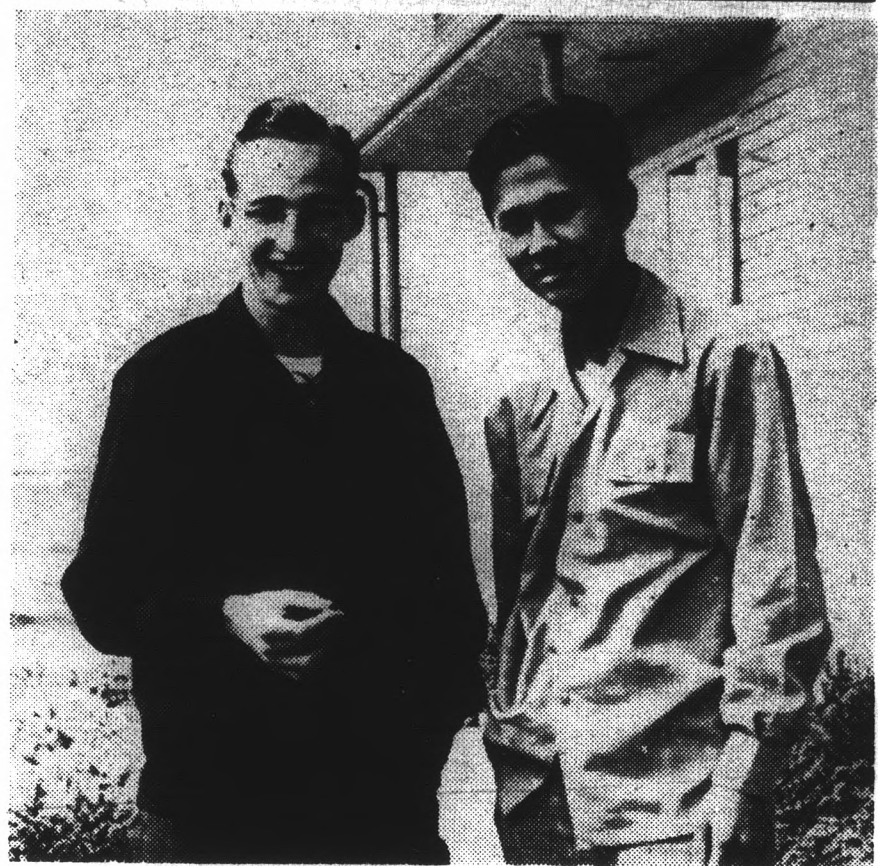

Spinsters Present Sewing Box To Women's Lounge

The sewing box which was placed in the women's lounge recently as a gift from the members of the Spinsters was made by Warren Kennedy, former SAC student and veteran of World War II. While confined to his home at 1615 Bush Street here in Santa Ana as the result of his injuries received in the war, he has been making many beautiful and useful articles in following his hobby of cabinet-making.

The box is fashioned from a blond wood and has a clever fastening in the shape of a spool of thread and a needle.

The Spinsters used the proceeds from one of their war bonds to pay for the box and to fit it with everything needed for a repair job. The sewing box will probably prove to be one of the most constantly used fixtures on the campus.

Below is a picture of Doris Bruce and the sewing box. Doris is treasurer of the Spinsters, the organization which donated the box for the use of all women students.

SAC portrays cosmopolitan environment by having Heinz Puppe of Germany, left, and Charles Huang of Malaya, right, attending classes.

East Meets West On SAC Campus As Heinz and Charles Shake Hands

The two students now attending SAC who are probably the farthest from home are Heinz Puppe from Dusseldorf on the Rhine river and Charles Huang of Penang in Malaya.

To keep their stories straight, and ours, too, we'll introduce you first to one, then to the other.

"You ask me what is different!" exclaimed Heinz Puppe at our question on the difference between his country and ours. "The people are different, even the cigarettes are different! And in Germany the women—how do you say it?—the woman is not the boss. In Germany the woman washes the dishes."

After a long trip by boat from Bremerhaven to New Orleans, Heinz arrived in Los Angeles where his mother and half-brother live. His half-brother, Weiskopf, used to be conductor of the Philharmonic Orchestra in St. Louis and now has his own music school in Los Angeles.

Here are two problems that Heinz is struggling with here in America. "Physics is one and, of course, the English."

Heinz is majoring in chemistry and hopes to earn his master's degree in that field.

In Germany if you want to talk to someone you say, "Do you think it will rain today?" and a very interesting discussion is begun on the weather.

"In California you have no 'weather' and I must talk foot-

ball." Charles Huang, the student from the East, was born in Seremban, Malaya, on March 2, 1929, but lived most of his life in Penang (also in Malaya). His father is the district superintendent of the Chinese Methodist Church in Southern Malaya and Charles has five sisters and two brothers. One sister is a teacher and one is in Trinity College in Singapore studying music. Another sister is in the third year of medical college in Singapore. Charles' oldest brother is studying civil engineering at Ohio State University.

The thing that seems to have impressed Charles most about America is the fact that the farms are so scientific. "They are so well organized, so mechanical. It is not that way in Malaya. There we use our hands."

Charles is living with the G. P. Fryatts at 1908 Spurgeon Street and is taking a pre-med course at SAC although he thinks he would like to try his hand at writing.

YMCA Sponsors Urge Attendance

The college YMCA under the direction of Robert McPhail, YMCA supervisor, and Ernest Crain, SAC political science instructor, met Wednesday noon in the faculty dining room in the college cafeteria for the purpose of appointing committees to outline the program for the year.

★ El Don ★

Women's Clubs Sponsor Party

By PAT JOHNSON

"Golden Rule Days" was the cleverly carried out theme of the annual joint Women's Service club party held Monday, October 3, at 7:30 p. m. in the cafeteria. The party was given primarily to acquaint the new women students with the service clubs.

Decorations followed the theme of school days, with each table having a red paper apple, lollipops, and a dunce cap as decoration. Entertainment, consisting of a game called Cootie, and a game of drawing a picture of song titles, was provided.

General chairman of the party was Liane Crawford, with Miss Marie Pound, advisor of Las Meninas, and Miss Lota Blythe, Spinster's advisor, as faculty chairman. Committees consisted of Ruth Hopkins, food; Nancy Learned, entertainment; Helen Walker, finance; and Liane Crawford, decorations.

Miss Agness Todd Miler, Dean of Women, and faculty advisors of the Women's Service Clubs also attended. Faculty advisors present were Miss Ruth Bradley, advisor of Piloteers; Mrs. Alan Revill and Miss Marie Pound, advisors of Las Meninas; Miss Lota Blythe and Mrs. Maurice Gerard, advisors of Spinsters; and Mrs. Florence Finley and Mrs. Orville Knutsen, advisors of Las Gitanas.

Refreshments, consisting of cider and cookies, were served.

Women students attending the joint Women's Service Club Tea in the cafeteria are pictured above just before the program began. Dunce caps, lollipops, and red paper apples adorned the tables, and entertainment was provided by a game called Cootie.—Photo by Tekus

Women's Service Clubs Hold Rush Teas For New Members

PILOTEERS

Piloteers held their Rush Tea at the home of Bobbie Lou Currie, 537 W. Santa Clara, on October 6, from 3 to 5 p. m.

Women students interested in joining the Piloteers attended the tea, where they met the officers and were given information on the club. Refreshments were served.

Officers of the Piloteers are Norma Rhoads, president; Dorothy Carter, vice-president; Helen Walker, secretary; and Pat Johnson, treasurer. Frances Egge and Ruth Bradley are faculty advisors.

LAS GITANAS

Mrs. Florence Finley's home was the setting of the Las Gitanas Rush Tea held yesterday at 2130 N. Ross from 3 to 5 p. m.

Women attending the tea were given information on Las Gitanas, and also had a chance to meet the officers of the club. Refreshments were served.

Las Gitanas officers are Carmen Perez, president; Rita Maher, vice-president; Elizabeth Elliott, secretary; and Pauline Scott, treasurer. Faculty advisors are Mrs. Florence Finley and Mrs. Orville Knutsen.

LAS MENINAS

Las Meninas will hold their Rush Tea this afternoon from 3 to 5 p. m. at Liane Crawford's home, 1302 S. Ross.

Women interested in joining Las Meninas will attend the Tea where they will become acquainted with the officers and learn about Las Meninas.

Las Meninas officers are Liane Crawford, president; Janet Coombs, secretary; Lesly Condon, treasurer; and Jean Gisler, corresponding vice-president.

Miss Marie Pound and Mrs. Alan Revill are faculty advisors.

SPINSTERS

Sisterhood of Spinsters will hold their Rush Tea at the home of Peggyann Tozier, 2420 N. Park Blvd., this afternoon from 3 to 5 p. m.

Faculty advisors are Miss Lota Blythe and Mrs. Maurice Gerard.

Picture above serving the refreshments at the joint Service Club Tea are from left to right, Norma Rhoads, president of Piloteers; Carmen Perez, president of Las Gitanas; Liane Crawford, president of Las Meninas; and Peggyann Tozier, vice-president of Spinsters.—Photo by Paul Tekus

Lantz, Tozier, Johnson Elected As Officers Of Tavern Tattlers

Tavern Tattlers, Santa Ana College's literary group, held their first regular meeting of the year Wednesday, September 28, at 7:30 p. m. in the Student Union. Election of officers, and a report given by Miss Lota Blythe, advisor, on her summer vacation, occupied the major part of the evening.

Main part of the business meeting was taken up with the election of a new president, as the one elected at the end of last semester did not return. Shirley Lantz was chosen as president of Tavern Tattlers, with Peggyann Tozier and Hilda Ann Johnson as vice-president and secretary-treasurer, respectively.

Miss Lota Blythe, English instructor and advisor of Tavern Tattlers, gave a report of her vacation in Europe this summer, and showed the members pictures and souvenirs of England, Ireland and Scotland. Thomas H. Glenn, also an English instructor and advisor of Tavern Tattlers, had conducted a tour of Europe this summer, and he told the members of some of his impressions of European countries.

Date Bureau, Cheer Leaders Enliven Pep Assembly Held September 29

By HAL CALDWELL

"The SAC Date Bureau proved itself to be a great success," said Bob Zelinka, Commissioner of Assemblies, following the half hour pep assembly held last Thursday, September 29th, in the Flag pole area.

In an effort to bring a little more spirit to the SAC student body, a new type of comical skit was produced for the student body in the form of a date bureau. Leslie Condon, the head executive, and Joanne Franklin were behind the desk, while Rita Riggs made the examinations. Several patients took these tests to determine their aptitude for association with the fairer sex.

Fullback Bob Reid, member of the local football team, was the first to be examined. He seemed

to endure the examination without many abnormal affects. Phil Reilly, the second tested, ran into trouble and couldn't make the grade. An easy pushover for the girls was faculty member Dr. E. T. Force, history instructor. Having undergone a thorough examination, Dr. Force made up his mind and decided to forego his history for the week-end and come to the Santa Ana-Pasadena football game.

New yells were introduced at the pep assembly by Phil Reilly.

You Can do Better, I theenk!

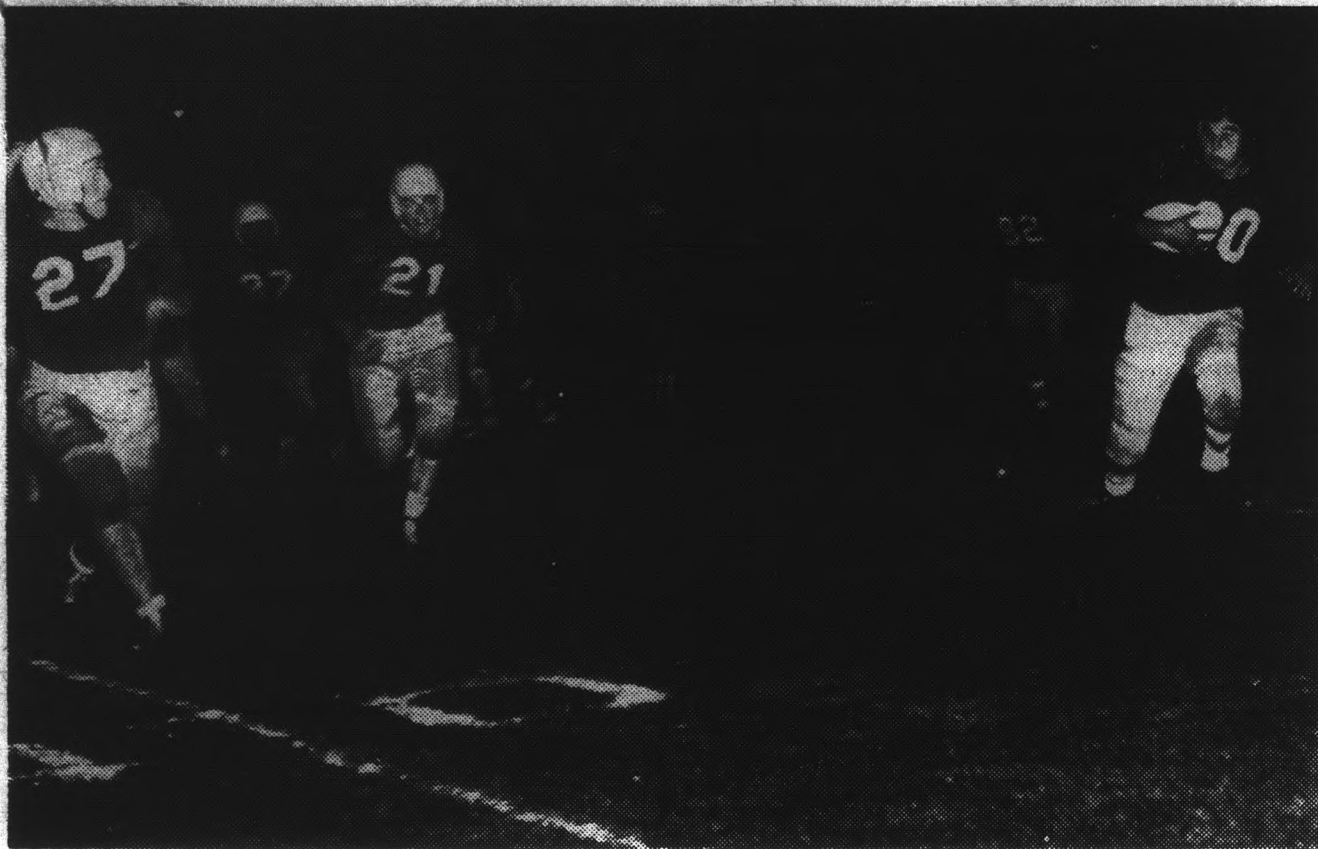

When we counted the votes for last week's "Don of the Week," we found out how many students there are at Santa Ana College . . . just 200! . . . and here we've been thinking we had a good sized school!

That must be the size of it, because we ordinary townspeople can't imagine any JC'er missing out on support of this kind . . . with such a great team!

Maybe a couple of people missed voting last week . . . let's dig around and see if that could possibly be!

Vanderma's
FOR MEN AND BOYS

Fourth at Sycamore

Shown above, running for a sizeable gain in the 13-13 deadlock with Pasadena last week is George Brancato, far right. In back of him is Carlos Lillywhite, 82. The game was a hard fought fray, in which Pasadena came from behind in the second half to tie the Dons. Santa Ana dominated the game for the first half by the score of 13-0. But Pasadena came out for the second half with a surprise attack, and made it 13-13 at the end of the game. Pasadena was host to Santa Ana in this third game of the season for the Dons.

Pasadena Bulldogs Make Last Quarter Comeback To Hold Santa Ana To 13-13 Tie In Rose Bowl

A last half rally enabled the Pasadena Bulldogs to come from behind and tie the Santa Ana Dons 13-13 last Friday night before 14,000 fans in the Pasadena Rose Bowl.

The Dons led in the game up to the last four minutes of play when a long pass, and even longer run, resulted in a Bulldog score. In the opening half of play the Dons kept the Bulldogs going in circles with their attack and defensively held Pasadena for little gain.

In the first quarter the Dons were clicking offensively mostly as a result of Ray Willsey's passing and on seven consecutive plays Ed Nearing, who was just sent into the ball game, scored on a flat pass from Willsey on the three yard line. The try for the extra point was low. Taking advantage of a Bulldog fumble on their 30 yard line, Willsey again started pitching for the Dons and two plays later on the 20 Ray passed to Francis Kluewer on the 14 who then bolted his way over to tally, Carl Valdez made the extra good and Santa Ana led at the half 13-0.

Seemingly inspired by Coach Blackman's halftime speech, Pasadena put up a strong defense against the Don attack in the last two quarters. In the last of the third stanza after being bogged down to a stand by the Bulldogs and costly penalties, the Dons were forced to punt on fourth down. Bob Reid took a low pass from center and got away a bad kick that almost went parallel to the line of scrimmage. Instead of going out of bounds the ball rolled towards the Bulldog's goal line. Bill Davis took the pigskin on a bounce, avoided Don tacklers and streaked 68 yards to score.

Don Of the Week Goes To Jankovich

Winning by an overwhelming margin, Keever Jankovich, co-captain and first string center on the Santa Ana eleven, was selected Don of the Week by the voting at Vanderma's.

Jankovich is the first lineman on the 1949 squad to receive this title and because he won by such a wide margin there was no runner-up selected for the honor. Jankovich was picked on the basis of his outstanding playing that he displayed against the Pasadena Bulldogs last Friday night in the Rose Bowl.

Showing a lot of spark both defensively, and offensively, Jankovich was the backbone of the Don line during this contest. Jankovich is a returning letterman from last year's championship team and this will be his last year at Santa Ana College.

Attending Tooele High School in Utah, Jankovich was chosen All-State tackle in 1944 and in the Navy made All-Coast center for two consecutive years. Besides being a good athlete Jankovich maintains a high scholastic rating at Santa Ana College and plans in the future to transfer to Stanford.

So far Al (Hoagy) Carmichael, Ray Willsey and this week Keever Jankovich have held Don of the Week titles this season. Don't forget you can have a part in selecting the Don of the Week by voting at Vanderma's after each game, and to the following Tuesday, for your favorite player.

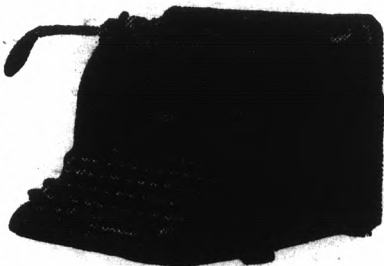

Here are the men who make the Santa Ana football team a possibility. Left to right "Doc" Cure, backfield coach, "Bill" Cook, head coach, and John Ward, line coach. The combined talent of these men go into making the team the powerhouse it is.

Orange Coast Host To Santa Ana In First League Tilt Of Season

The Dons will have their first league tilt tomorrow at the Santa Ana Municipal Bowl where they will meet the Pirates of Orange Coast. Game time will be 8:00 p. m.

SPORT SHOTS

By HAL CALDWELL

The Santa Ana Dons have three games under their belts this season including their tie with Pasadena last Friday night in the Rose Bowl. This game, as most of us know, was to have decided many a question in regards to what team would go where. But, most of us also know, that both teams probably felt luck to leave the bowl with a 13-13 tie.

There are many second guessers that were in the stands that Friday night and have an answer for every second of the game as to why the Dons didn't look as good in the second half or why we didn't score any more touch downs than we did. But never-the-less we tied them and that isn't the same as a loss. Is it?

We now have three Dons of the Week, the latest one being Co-Captain Keever Jankovich. Nice going Keever. In all respect to these Dons of the Week, I do think that every fellow on that field last Friday night wanted to win that game and more especially take that pigskin to pay for the third time. All the guys out there did equally well.

If we will ever need spirit, it will be next Saturday in the Santa Ana Bowl. We start our Eastern JC conference off then by tackling the Coast Pirates.

Orange Coast will be a very powerful team, and Santa Ana will find the going rough. Orange Coast will be all ready to take on the Dons, and it will be a team hard to beat.

Santa Ana and Orange Coast are developing a rivalry between them almost equivalent to that of the Santa Ana, Fullerton games.

With Ray Willsey getting the nod over John White in the starting lineup, Coach Cook will have almost all of his regulars in the starting lineup.

Sickness has taken only a small toll of the Don players. Bob Leonard, starting right end for the Dons will be the only one that is on the maybe list for the game. Bob hurt his leg in practice and has been on the sidelines for a while.

Carl Valdez, left end was also hurt in practice, but Bill Cook thinks he will be ready for the game tomorrow. Carl also doubles as kickoff expert for the Dons.

Regulars are Valdez, Royer, Zelinka, Jankovich, Spector, Leonard, and Leonard. In the backfield for the Dons will be Willsey, Carmichael, Lillywhite, and Kluewer.

This will be the first league game for both teams, and they will try their best to come out on top. Orange Coast will run a team that hasn't been scored on in two tries with other teams, and will be all out to keep their slate clean.

Santa Ana, though scored on, has won two and tied one, and will be out to avenge the score of the Pasadena game.

Carlos Lillywhite, left, and Keever Jankovich, playing half-back, and center respectively, go to make up the two Co-Captains of the Don football team. Carlos was runner up for the first Don of the Week award, and Keever was chosen Don in last week's game.
